Revisions, Correction and Clarifications

Clarification: Kitsap Transit has received the following statement from our insurance company:

“Warranted vessels are engaged in operations necessary for Kitsap Transit and warranted confined to the waters and tributaries of Puget Sound, not north of Malcolm Island nor beyond a 25-mile radius of Cape Flattery, and including the inland waters of the state of Washington.”

Questions Asked and Answers Provided:

Question #1: Is Kitsap Transit willing to accept Bids from shipyards outside of the State of Washington?

Answer #1: Kitsap Transit is willing to accept Bids from shipyards outside of the State of Washington with the following caveat: based on the clarification above, Bidders who are outside of the insured waterways shall arrange for loading, securing, insuring and transporting the referenced vessel via barge, ship deck cargo or float on/off vessel. Transportation applies to moving the vessel to the Bidder’s shipyard and re-delivering the vessel to Kitsap Transit. All costs for transportation must be included within the total cost of the Bid. No extra transportation costs will be paid by Kitsap Transit.

All other terms and conditions remain the same.

END ADDENDUM 1

Please remember to acknowledge this addendum on your bid sheet.
